1. Applicant's arguments, filed November 12, 2003, with respect to Sato have been fully considered and are persuasive. The rejection of claims 12-17 has been withdrawn.

The examiner notes that polymer 23 of Sato shows the correct second monomer, however, as shown in Table 4 the amount of the third monomer is lower than in the claimed application as argued for polymer 17 in the arguments presented November 12, 2003.

Allowable Subject Matter

2. Claims 12-17 are allowed.
3. The following is an examiner's statement of reasons for allowance: The prior art does not teach a positive working photoresist composition comprising the specific three monomers in the amount claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
